

Nx WITNESS VMS PLATFORM

RELIABLE VIDEO MANAGEMENT SYSTEMS & SURVEILLANCE SOLUTIONS MONITORING YOUR ASSETS

AoL has been partnered with the only the best Video Management System, Nx Witness VMS since 2010. In fact, AoL was the first company to bring Nx Witness VMS to Australia and to have sold Nx Witness VMS Channels to Australia and New Zealand.

Nx Witness VMS was built specifically for its users, it can integrate with anything and works with 99% of IP cameras straight out of the box. Not only is it lightweight and cross platform, its fast, dependable and customisable. Nx Witness VMS allows users to accurately and effectively manage multiple sites simultaneously. Oh and did we mention the free upgrades and NO yearly subscription fees?

RE-THINK THE WAY YOU THINK ABOUT VIDEO MANAGEMENT SYSTEMS

In conjunction with Nx Witness VMS, AoL video analytics software offers a unique service that transforms any video camera into a business intelligence tool that can be accessed from any device as well as integrations with POS systems. When you purchase Nx licenses from AoL, we provide a channel of object recognition with licence purchases over 40 Nx licences. The data available from video analytics includes:

- License Plate Recognition
- People Counting, Dwell time, Occupancy, Age & Gender Demographics
- POS System Integrations
- Identity management through facial recognition
- Heat mapping
- Object Recognition

ADDITIONAL Nx WITNESS BENEFITS:

- 1 FULLY COMPATIBLE WITH YOUR EXISTING SURVEILLANCE SYSTEM**
Preserve your existing analogue cameras or mix with DVR, NVR and any IP high-def cameras making it perfect for any business, school, retail or manufacturer.
- 2 FULLY RESPONSIVE LIVE VIEW AND STORAGE OF ALL YOUR VIDEO ON A SINGLE SCREEN**
Cloud-enabled solutions allow shared & secure access.
- 3 OPEN PLATFORM INTERFACE**
With an open platform interface all businesses can benefit from a fully customised security solution that is easy to operate and cost-effective and can integrate with the latest in video analytics and machine learning.
- 4 INCORPORATE TECHNOLOGIES TO ADDRESS ANY CHALLENGES YOUR BUSINESS IS FACING**
The range of VMS solutions AoL offers can integrate seamlessly with any intelligent camera, smart alarms or access control systems.
- 5 ONE-TIME COST**
Easy maintenance and automatic software upgrades for FREE with no need for additional licences. Eliminate costs of additional software.
- 6 SIMPLE VIEWING & EXPORTING OF FOOTAGE**
View and export footage in two clicks. Select desired time frame using simple pan-temporal timeline.
